# Letter from our Minister

Dear Friends

The week after Christmas I found myself in the “Free from” section of a local supermarket. I was hoping to find some discounted dairy free chocolate coins or selection boxes. I was unsuccessful. On the shelf where they had been (full price) only a few days earlier, there now lay Easter eggs.

Despite the chocolate eggs’ warning, Lent and Easter always come as a bit of a surprise to me. As a minister, preparation for Lent has to be underway almost as soon as the Christmas decorations come down. That said, I am always happy to prepare for Lent, because it is such an important season in the Christian year.

Lent has a long history in the Church. There are hints from letters written around a century after Jesus’ birth that a 40 hour fast was marked in the lead up to Easter Sunday to remember when Jesus was in the tomb. This period of fasting came to be observed especially by those who were preparing for being baptised on Easter Sunday. (The early church held baptisms on Easter Sunday to link their new lives to Jesus rising from the dead.) As the years, passed more and more people got involved with this Lenten fast, and the time spent fasting extended from 40 hours to 40 days. It moved from being complete fast from all food, to a fast of specific things. Today it might also involve a positive activity such as 40 Acts of Kindness.

While Lent may have developed over the years, its purpose of preparing us for Easter and inviting us to remember our need of God remains the same. For that reason, I’m delighted to share that between ourselves, Cathcart United Free Church and Cathcart Baptist Church, we have organised a Lent study course created by Engage Worship called “Worship in the Wilderness”.

Firstly, there will be worship gatherings every Wednesday and there are daily devotion materials leading us right through Lent. Please contact me or Wilma if you would like a copy of the materials.

Wishing you all a very happy Lent and Easter

Alasdair

## **IT'S TIME TO CHANGE!** by Willie Black

There is no doubt that whenever we come to faith in Jesus, a great change comes into our lives. The Bible tells us that it is like being born again. Our whole outlook on life changes - we think differently - we do different things - sometimes we need to change habits and even friends. However, if we are not careful, we can get stuck. We settle into certain habits. We don't grow - we just get stuck! The Bible talks about some Christians who are immature - they are just like babies still only on milk. So perhaps it is time to change - to move on - to get out of the rut. Few people like change but as the saying goes "a change is as good as a rest". So here are some suggestions of changes you might like to make. Why not choose one to start your change?

Decide you will not sit in your normal seat on Sunday but will sit beside someone you don't know.

Decide you will come to the evening service or the Thursday Lunch time service. Don't be content with once a week worship.

Decide you will attend one of the two monthly prayer meetings. Sadly, at the moment, there are rarely more than 20 at these meetings. Some are worried because they have never prayed out loud before - so write a little prayer and read it - and if you don't come because you don't hear well - a small group of those who have problems hearing can be made. No excuse really!

Decide you will join a Sofa group to get to know some people more deeply and extend your Bible knowledge. Join the Guild or come to Moments Café.

Decide to see if there is some little job you could be involved with - welcoming visitors - making the tea - join the Praise Group etc

WHICH CHANGE WILL YOU MAKE?**

## **PRAYER BREAKFASTS UF CHURCH, STRUAN ROAD**

### **SATURDAY 28th February 08:30 – 10.00am**

The prayer breakfast this month will be focusing on healing. This will be an opportunity to pray with others for people who are unwell. Breakfast is from 8.30 to 9am when we will have a time of fellowship around the breakfast table followed by prayer. All welcome.

“Is anyone among you in trouble? Let them pray. Is anyone happy? Let them sing songs of praise. Is anyone among you ill? Let them call the elders of the church to pray over them and anoint them with oil in the name of the Lord”  
James 5 v13-14

### **SATURDAY 28th March 08:30 - 10:00am**

This is our Easter prayer breakfast when we will be reflecting on the enormous sacrifice Jesus made on our behalf. We will also be praying for the holiday club which is held at Easter, asking God to bless the team as they prepare and for the children that they will be receptive to the message about Jesus. Come and join in the fellowship over breakfast followed by prayer. All welcome.

*“For God so loved the world that he gave his one and only son, that whoever believes in him shall not perish but have eternal life.”*  
John 3 v 16

### **Monthly Prayer Meeting**

Wednesday 11<sup>th</sup> March or 8<sup>th</sup> April 2020  
There will be prayer meeting in UF Church, Struan Road on

# WIDER WORLD MISSION COLUMN by Willie Black

## Europe

Europe - stretching from Ireland to parts of Russia, from Greenland to Greece - is seeing the long twilight of traditional Christianity. Most of the peoples of Europe were baptized by 1000AD and have had a Christian background ever since. Europe's nominal Christians are similar to soccer supporters who follow their team but never go to a match. They treat Christianity as a public utility, something you only call on in times of need. But now, even this nominal Christian identity is fading fast. In the Czech Republic, for example, over 70% of people now say they are 'non-religious.'

## Evangelicals in Europe

1. Evangelicals –who emphasize faith in Christ and commitment to the Bible and conversion– are stronger in European countries with a Protestant heritage, such as Norway, Switzerland, Germany and the Netherlands. But of the world's 15 countries with five million evangelicals or more, only one is European (the UK).

2. The south-east European state of Romania also has many evangelicals. It has a large Roma population, many of whom are Pentecostals, and also an evangelical movement within the Romanian Orthodox Church.

3. Evangelicals make up an active minority of around 1% in Belgium, Bulgaria, France, Ireland, Italy, Lithuania, Malta, Monaco, Portugal, Slovakia and Spain. Here, evangelicals are often members of the poorest communities, or might be Roma, former drug users, or migrants.

4. Elsewhere, evangelicals in Europe are a tiny minority, tens of thousands or less in each country.

- *Pray for deep, wide renewal among the peoples of Europe, and the revival of Christian identity based on encounters with the living Christ*

By the time you read this notice Christmas will be well behind us. We received many donations during the Christmas period for which we are extremely grateful. Although our stock levels are good at this time, we know that we require to make this last for most of the year as Christmas is the time when we receive 70% of our donations.

We are extremely busy as ever with people really struggling to cope especially during the winter months. In addition to our usual foodbank parcels we are able to offer people some help with fuel if they have a prepayment meter and some lunch vouchers for a hot drink and filled roll from a local shop.

These additional supports are also of great benefit to people. We are currently short of gents' and ladies' shampoo, shower gel, razors, tinned custard/rice, tinned fruit and tinned vegetables.

### **Gifts for Others – Thank you**

Thank you for the huge number of gifts which were brought to church before Christmas. It was clear that a great deal of thought went into choosing gifts for the different age groups. They were delivered to Church House and Barnardo's. Thanks also to the team who sorted and delivered them.

## **SUPPORT MISSIONS, SUPPORT ADRIAN, SUPPORT THE SALES TABLE**

Your faithful and generous response to the Missions Sales Table has encouraged me since its inception. Thank you. On the 2<sup>nd</sup> February there were the largest ever number of different contributors; there were ten different people's goods.

The Sales Table arose out of a conviction that I had to do something to support overseas mission in our church. The first was held as Adrian's departure for Nepal looked imminent, and we were praising God for the newly granted work visa. That turned out to be the very day Adrian announced he could not take up his visa and needed to undergo treatment for cancer. To continue or not? We hoped and prayed for the best – Adrian's recovery and Adrian getting to Nepal. Since that time £2,000 has been sent to Adrian's account in International Nepal Fellowship (INF).

Sadly, due to the Nepal government restricting work visas, Adrian cannot go to work in Nepal. As was understood from the beginning, even in Adrian's absence INF will use the £2,000 for work in Nepal. The last of that money was paid to INF in July 2019. After that date donations and sales, now amounting to just over £900, were held back to be available to Adrian, for an anticipated trip to Nepal to get a visa, prior to going there to work. The Wider World Team, formed of CTC and UF members will allocate the £900 and any money raised in the future exclusively in the support of overseas mission. The Wider World Team reports to session.

Adrian is extremely grateful to all who have worked to make goods for the Sales Table, bought goods and given donations. He also wants to emphasise his gratitude for all the prayers made for him and thanks the Lord for His goodness in restoring his health and leading him to this day. Pray on for God to guide and bless Adrian's future.

I plead for your continued support. Some in our church are involved regularly in mission outreach here in Glasgow, showing the mercy, love and generosity of our God. But what of the great areas of darkness in the wider world, where no church exists to show God's goodness and tell of His grace in Jesus? Opportunities to spread the Good News of Jesus still abound. There is still a long way to go for every tongue and tribe to hear the gospel. Please continue to support the Mission Sales Table and the Wider World Team will do its best for overseas mission on your behalf.

Future sales table notices will be headed 'Support Mission, Support the Sales Table.'

## Safeguarding

As Safeguarding Coordinators, Donald and I carry out the procedures which the Church of Scotland has in place for our churches: recruitment of volunteers; supporting our organisations; ensuring training information is available; and keeping us up to date with safeguarding issues.

As a congregation, we all share the responsibility for keeping our church a safe place for everyone. We ask that you help us in our role by supporting the safety and welfare of others and by contacting us about any safeguarding concern you may have. Thank you.

**Erskine Bridge Walk**  
**25<sup>th</sup> April 2020 at 2pm**

(registration and warm up from 1.15pm)

Starting point: Old Kilpatrick side of Erskine Bridge.

Lusset Park Station Road Old Kilpatrick G605LS

People living in poverty are on the frontline of the climate crisis. They are losing food, water, homes and family. Every day, they walk further, dig deeper and build stronger to survive.

In Kenya, Christian Aid partner ADSE is building dams to help people adapt to droughts and unpredictable rains. Faith is one of these determined and resilient people. She says, "The sand dam has made me and my family feel happy because when it was not there, I was not able to plant anything."

Will you show your solidarity and help us bridge the poverty gap by joining the Bridge Cross Challenge? The sponsorship you raise will help families adapt to the climate crisis around the world.

**Can we build a team from Cathcart to participate in the event?**

Christian Aid will provide:

Sponsor forms and a bridge cross stamp book to record how many times you've crossed. A badge at the finish line.

A pre-walk warm-up, lawn games and family-friendly entertainment  
Refreshments to keep you going

You could:

Wear Red for Christian Aid (official t-shirts will be available for donations on the day) Wear fancy dress!

Ask people to sponsor you for each crossing you can manage on the day either online through "Just Giving" accessed through [christianaid.org.uk](http://christianaid.org.uk) or using a sponsor form.

**If you'd like to participate please speak to Angus Morrison or Wilma Pearson so we can organise registrations, transport and an enthusiastic Cathcart Team.**

## **Care for Creation** by Katie Black

I thoroughly enjoyed a seminar entitled 'Creation Care' at Tilsley Bible College in Motherwell and the following is my summary of it.

### **Why care for creation?**

It is a job God has given all of us in Genesis 1 "fill the earth and subdue it" and in Genesis 2, humankind is commissioned to care for the garden. God is the Lord and we His stewards and tenants. Ps 8 says God made us "ruler over the work of His (God)'s hands."

### **Why pay special attention to the needs of creation now?**

Scientific evidence has proved climate change is happening and also the part that the CO<sub>2</sub> released by human activity plays. The atmosphere's gases help protect us from radiation and moderate the earth's temperature to a hospitable global average of 15%. In the past 150 years the temperature has risen 1.1°C. At the Paris Climate Accord, world leaders resolved to limit the rise to 2°C by 2030.

Rising temperatures melt ice-caps, glaciers and permafrost. Maybe you've seen retreating glaciers on holiday? This melt brings raised sea-levels, wetter winters, more flooding, severe storms and in other areas of the world, more severe droughts. U.N. says 10 million people lost their homes and became 'climate refugees' between Jan - June 2019. Climate change makes some places uninhabitable.

### **Why bother to change?**

Because the way the world population lives at present consumes one and a half times what is available – we are depleting reserves. Jungle is rapidly being destroyed, because we want more hardwood palm oil, soya products etc. The sea is over-fished. Species of plants and animals, (insects, fish, birds and mammals) are becoming extinct at an unprecedented rate. Waste is degrading land, rivers and sea, and if we see less damage from waste in our own country these days it's because we dump toxic rubbish overseas in poorer countries.

### **Why is it so hard to solve the problem?**

It is hugely complex. No one country can solve it. For example, oil producing nations can't just stop production. Think of the added turmoil in the Middle East. The problem is hard to solve because to us in the affluent west it is largely out of sight, so most people don't see it. Scientists as a 'species' always understate things, so we may not get

the urgency and no one wants to believe that irreversible damage could be done to the planet.

'Plant a tree in '73,' was a U.K. government slogan in response to an ecological crisis in the '70s. If you knew today that the world would end tomorrow, what would you do? Martin Luther (reputedly) replied 'I would plant a tree.' The problem may be complex but doing nothing is not an option for mankind nor for a Christian

### **What can we do then?**

Here are some suggestions. You could do some, or if you already do some, do more:

- Switch to renewable energy
- Reduce your car use - go electric, share, use public transport
- Reduce flying and off - set your carbon footprint
- Reduce consumption - cut down
- Waste less - reduce, reuse, recycle, upcycle - aim for zero
- Eat sustainably - use your L    buy Local
  - O    buy Organic
  - A    buy Animal-friendly
  - F    buy Fair-trade
- Use ethical banking, savings and pension funds
- Grow more food in your garden
- Go for biodiversity – a bug hotel, a mini-pond and plant for biodiversity.

### **What can be done from a Christian perspective?**

We can mourn and repent for the spoiling of the planet – and take on schemes to make amends. We can foster wonder in God's creation and enjoy it. We have hope, Rom 8 v 22-25 says "the whole creation awaits the full revelation of God's salvation." Jesus will come again. The Lausanne Capetown Commitment's definition of the church's Mission has five distinctives: proclaim the good news, disciple and train believers, serve our neighbours, work for justice for all and care for creation. What will we do as individual Christians to care for the earth and for our neighbour – for all of God's Creation?

The City of Glasgow has embraced the challenge of becoming carbon-neutral by 2030.

What will Cathcart Trinity Church do to contribute to this goal?

# PRAY FOR SU HOLIDAYS THIS EASTER

A few prayer points for Easter events.

- Give thanks for all the young people booked to events at Easter. There are still spaces left – pray for more young people to hear about the opportunity and book.
- Give thanks for the team members who make events possible, many giving up a week's holiday to attend. Pray for them as they get alongside young people, caring for them and sharing something of Jesus in all they do and say.
- Pray for safety in travel and in activities, and for all the logistics to run smoothly, getting people and equipment to the right place at the right time.
- Pray for good weather so that all planned activities can take place safely.
- Give thanks for the staff at our centres who have been busy over the last few weeks with school residential events. Pray for renewed energy.
- Pray particularly for study camps – it can be a stressful time as young people prepare for exams and face lots of decisions about their future. Pray that they would experience God's peace and loving care for them.
- Pray that young people will grow in their understanding of God's love for them as they explore the Bible and respond to the significance of Jesus in their lives. Pray that everyone will have a great holiday!

If you'd like to receive more detailed information to support events in prayer why not consider joining the Prayer Hotline - <https://www.suscotland.org.uk/pray/prayer-hotline/>
